

Gordon Woods Homeowners' Association

MISSISSAUGA ONTARIO

GORDON WOODS DEFENCE FUND CONTRIBUTION

We need your help in opposing development that is inappropriate for our community. The GWHA is seeking voluntary contributions from concerned homeowners that will be used to build up our "war chest" in the amount of \$60,000.00 to retain legal and professional help to oppose this development. Money that is contributed will be kept and accounted for separately from our general funds. Money that is used to defend our community will come from the defence fund. If sometime in the future, it is deemed by the GWHA that the defence fund is no longer required, then the remaining funds will be returned to the original contributor on a prorata basis. The names of contributors will be kept confidential from all but the administrator of the fund.

January 2015, we are going to the Ontario Municipal Board (OMB) to oppose a lot severance that is inappropriate. We need a strong war chest to go into this hearing. Remember - The value of your home depends on the desirability of living in this neighbourhood. Inappropriate development makes it less desirable which could make your property less valuable. By contributing to the fund, you are really investing in the value of your home.

Please make your cheque payable to Gordon Woods Homeowners' Association and send to our treasurer Shelly Byman, 189 Breezy Pines Drive, L5B 1B3.

I wish to make a contribution!
